LOCAL KID E.V.

Our association was launched in 2018 with small workshops for the Batwa community in Kisoro. In the beginning, our goal was to organize small projects to support the community and thus make a difference on a small scale. But thanks to a lot of encouragement and support from Uganda and Germany, the projects and areas of work were expanded and we finally founded an official association.

HOW CAN YOU HELP?? WITH A DONATION!!

Mission. Local KID e.V. is an association that builds and supports various projects in Uganda. Our goal is not to be stationed in one place, but to work in different areas. Our mission is to provide independence through support. Our work is focused on providing people with knowledge and skills so that they can develop and take care of themselves.

Our vision is to provide education to local people and to accompany them on their way to better living conditions in their future and life in general. Local Kid e.V. was founded by Ugandans for Uganda to strengthen the culture, self-image and opportunities in the country. Ensure that we are always providing the best possible support to our community.
